	Other Moultons

Here is a copy of a letter * which has been sent to several Moultons who live along the Wasatch Front--inviting them to a family meeting on Thursday, the 27th of March from 7 until 8 p.m.--Salt Lake Public Library Auditorium.

You have previously furnished us with information by which we are able to bring our family name and address list up to date. WE ARE MOST GREATFUL FOR THIS. It provides the tool by which we are able to communicate with our large family.

IF IT IS AT ALL POSSIBLE, I would like to meet those of you who live closely enough to the location of that meeting--from 6 until 6:45 p.m.--that same evening. I will provide you with a new IBM print-out at that time--in duplicate. For those of you who are not able to come--I will mail your copy the following day.

The committee is most anxious to send out a mailing to the entire family about the 20th of April--regarding the reunion for 1975. It is to be held at Birxerereek, Wyoming--the point at which the family were nearly frozen in 1856. IT SHOULD BE A ~~AAA~~ GREAT AND FUN REUNION--and we want to let everyone know about it.

Please phone any of our Moulton relatives who might be interested in the 7 p.m. meeting. *We did not send the letter to everyone--just tried to sample each family. THE ENTIRE FAMILY IS INVITED. I am sending this letter in behalf of Jeannie Jeppeson--who has the responsibility for this list. Jeannie was to have had a new baby about now--and it did not seem fair to additionally involve her at this time. Looks ~~like~~ like we're through. Best. Heber Moulton

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

This image shows a blank page from a document. The paper has a light beige or off-white color with a slightly textured appearance. There are several small, dark specks scattered across the surface, which appear to be dust or scanning artifacts. A faint vertical crease or fold is visible near the left edge of the page. No text, figures, or tables are present.

This image shows a blank white page with prominent vertical streaks and many small dark specks, likely due to scanning artifacts or dust on the original document. There is no legible text or other graphical elements present.
